omg .. thank you thank you thank you!! i always cry when I hear my readings from you dearest sister. i've been under a lot of stress lately and yes i'm not as grounded as I want to be. My daughters having heart issues. she was born with a murmur and she's having heart palps / uneven heart beat that can be heard via stethoscope. she's been referred to a cardiologist and we're waiting to hear when her appt is going to be.

as always, your readings bring light to those things that I like to hide from or shy away from. I will start meditating more and practicing my 3rd eye exercises. if you look on my fb page you can see a video of lil sadie. she's an english cream dachshund. i've already been buying out petco/petsmart lol getting her a little bed and other stuff .. LOL ..

again, thank you thank you thank you .. much love and healing energies to help you. :)

I am unable to express in words that you have just given me. I am humbled and uplifted by the light you've chosen to gift me; setting my feet upon solid ground... at least for the time being \*wink

OKAY!!! WoW.... Blessings, blessings, BLESSINGS, blessings.... OMGoodness.... HUGE BLESSINGS to you beautiful sistar!!! Oh, you can count on me finding a way to the Soul Session at the earliest possible time. Again, I am humbled by your offer for the course to help me with the brain trauma. I accept your heart's gift, but let me think upon that because, as you, I truly believe in exchange of energies rather than 'free'. If I were there I would offer you massages and energy facilitation :D

So, I'm off to explore your site MORE... OMG I stayed up last night forever looking, reading, listening and absorbing MUCH. This just feels so good and so real and I'm so excited! Happy Holidays.. Merry Christmas to you and yours and me and mine and ALL!

Hearing your voice was a game changer.... \*hugs you tightly and covers you in tears, beautiful soul\*

Dear Nenari,

Thanks for the reading, I am overwhelmed by the details and the accuracies of the content. Indeed I like numbers and have deep desires to heal those that are suffering. I am also unwilling to forgive myself and others that had hurt me even though I trusted and helped them with my whole heart. I have suffered deeply the last couple of years because of that. Now I am ready and determine to forgive so I

can continue to evolve spiritually for the rest of my life journey. This is all due to you and the spirit's advices.

For many years I have pondering my life purpose and why am I here. Thanks for showing me the path. I will learn more about the art of healing so I can be a more effective healer.

I would also like to thank my spiritual guide, the ancient healer, for enlighten me and guide me to my life's true purpose and what I am suppose to learn in this life cycle. Through meditations, I hope I will be able to communicate with him/her in the future.

*Regards,
Fred*

*Dear Nenari,  
I just wanted to thank you again for today's reading. Most importantly, I wanted to thank you from the bottom of my heart for giving my dad a reading. He wanted me to thank you. I have been forwarding him some of your emails on spirit guides, spiritual awakening. He knows how much of an influence you have had on my own spiritual growth. I read the reading, and I'm simply amazed. although I shouldn't be surprised. Many of the issues that you and spirit conveyed are real issues that my father grapples with.....*

*You have led me down the spiritual path, and for that I am forever grateful to you. I also can not tell you how much joy you've given to my parents.. Thank you for your words of encouragement. I think my growth is directly correlated to your unconditional support and love for me. Thank you so much...My heart feels so much lighter. I can't explain it, but I can feel it. I know that you are human, and we all come with imperfections, but I can't help but think that you're such an incredible old soul. I feel like you are an older sister to me. I like reading your emails to people because you provide them with a sense of hope, encouragement. You attempt to lead them along the way, without preaching, and trying to control them. You have this sense that people will find their way, and everything will be okay. You have helped provide me with a sense of peace of mind. I'm constantly amazed at your unwavering love, patience and positive energy. I feel so comfortable seeking your spiritual advice and you've provided me with great comfort.*

*I am not rich and I am not poor. I know from the bottom of my heart, that you do not expect any monetary gifts for your services. You do what you do because you have a love for all people. However, I am hoping that you will allow me to give you a donation, by emailing me your address.*

*Love and Light,  
Tracy*

Dear Nenari

I cannot express in words how grateful I am to you. You have taken so much time and spent so much of your energy for me. I have read your reply several times and it all makes sense. I have been feeling as if I have drifted away from spirituality and feel left alone in this world...and it is all my own doing.

I want to tell you my experiences and how it all goes. I read what you have been through and it brought tears to my eyes... I cried while I read your reply for the first time and I have read your reply over and over since. I am very willing to learn my lessons and move on. You are right, my husband and I both need to forgive each other for past hurts. I think we have just left them behind and have tried to move on without thinking about them, but once in a while they pop up in our minds, but we are ignoring them...and not letting go.

Once again, I would like to thank you from the bottom of my heart for such beautiful words and wonderful insight and the emails you have sent me. I would like to keep in touch and keep you updated on my progress. I am afraid I will have a long list of people to forgive, including myself and would love to feel free of the hurts that I am carrying around... it sure is a heavy burden.

*Love & best wishes to you,
Humaira*

*Dearest Nenari,*

*I don't ask for many readings, (don't really have the resources), I never know what to expect from a reading, Oh sure there are lots of people who want to help and give out fluff answers, you are loved, God loves you, You know they stay on safe ground. The internet has brought us, those who cannot afford the big prices most psychics ask for, us - who don't know one personally. us - who haven't the ability to truly search out one.*

*I am very grateful to you - I like honesty and straight answers, I don't have to like the answers just as long as they are true I'm happy with it. You have helped me to see myself again. I have only read your reading once so far but it has already shown me that alot of what is going on with me is my doing. Not intentionally, but nevertheless its me.*

*I have lost my connection (truthfully - I'm not sure what kind of connection I had, but I know I felt differently before).*

*I want to express how much You have helped in just this short span of time. I need to read it a few more times and really feel it through. so this is a quick thank you.*

*Namaste  
Stephanie*

Hello Nenari,

I wanted to thank you for your reading. You hit it on the nose for me. I felt it in my heart when I was

reading it, and for sure I cried. Yes, I understand what it is I need to do. I, too, feel that I must do all that Spirit is asking me. I am guilty of not meditating lately because I am very scattered and its hard for me to come to the focus I need daily. Thank you for your time in talking to our spirit guides for I know I have lost contact with them although I know they have never left me. Bless you Nenari, May Love and Light surround you Always.

*In Love and Light,
Ashley*

*Hi Nenari!*

*I just want to thank you SOOOO much for the reading. That was the best reading I've ever had. You were so right on about everything. I even cried twice while reading. I really appreciate it and thank you so much again. I am just so amazed and it really helps to hear that and how long was I waiting and needing to hear that. It's just things I couldn't find to put into words and even some other things that I wasn't truly aware of either.*

*I feel that you are very blessed yourself like you have gone through what I'm talking about already....Well, I just had to write back to you, to tell you how much I loved your reading. God Bless you and much more:)*

*Sincerely, Mila*

Dear Nenari

*Thank you so very much. What a wonderful way to start my 40s! So much that you said is accurate, although you could not know; so much of the future stuff confirms what I have been given; so much confirms what a close circle has said for me (but I could not *know* for myself). When you speak of self-criticism, alienation, high expectations, seeking knowledge and - well... that's me in a nutshell.*

The ancient healer you speak of joined me about three or four weeks ago; it has been a matter of grace that he has been with me and I know he is with me to take me forward with this phase - he is always there, but more especially prominent when I seek to do energetic work. I shall meditate with him as you suggest to discover the gift you speak of.

Thank you for taking the time to listen to Spirit; thank you for taking the time to relate what Spirit says to me. This anniversary has been a milestone - many threads have been drawn together and I can see a stronger cord going on ahead. Thank you for your very significant part in this, my friend.

Love, light and blessings.

Dear Nenari,

Thank you so much for the kind words. This journey that I've chosen is different than anything I've ever done. It's quite thrilling though. The day after I wrote this last reading, I felt much better. I thank you from the bottom of my heart Nenari. If you didn't have the group and give free readings, I wouldn't be on this journey right now. You are doing me and the universe a great service. If there's ever anything I can do for you, just say it.

Love and Light, Marie

Dearest Nenari,

*Thank you for taking the time to reply to me....After reading your response, I think I was able to take a  
deep breath. I absolutely love your suggestion of a journal for my son. He can write in it or draw or I  
can write for him. I am the only one that he talks to about his angels and dreams. Once again thank  
you so much for "opening my eyes", I will journal with him and help him to understand as much as I  
can.*

Hi Nenari,

*Thank you so much for your help. I am very grateful that my spirit guides have sent you to me. I came
home today and did yoga and meditated. It is something that I definitely know that I need to do
regularly, and after hearing your words of encouragement I feel resolved to do so.*

*Thank you so much for helping me. It was helpful to receive confirmation that the relationship was real
and with him. I very much appreciate your guidance on how to dissolve the cord, and I know that I
need to do this to move on and progress.*

Wow! How amazing that the communications with my angels, spirit guides, and sister were real!
Thank you for connecting with them and confirming this for me.
I feel so blessed to be able to communicate with them. Thank you so much for all of your information and support. I will take what you have said to heart, meditate and engage in the other practices that you stated to raise my vibration, and begin to reconnect with spirit. I hope that you do not mind if I write to you again if I have questions in the future.

Take care,
Leslie

Wow!! Nenari!  
You are 100% gifted. I always believed I was Ancient Egyptian. I have AE ornaments all around me ,an ankh tattoo and even a catcalled Pharaoh. But, No one ever got my AE connection before and you brought him through!

I also have been told my guide is a male Mongolian and 3 psychics have asked me "does a red string" mean anything to you? Some psychics ask for birthdays, photos, pieces of string, place of birth..... I don't remember you asking me for any of those things, but you still got Kofem my Mongolian guide :)  
My chakras were too blocked to reach him but you did. I understand spirit and I appreciate you channeling for me \*huggs\*  
Like I said you are awesome a true angel. One day I will help people too but for now I will be in awe of you.  
Thank you so much. Thank you pure soul!:)  
\*You are awesome\* ,  
Peace, Light, and Blessings :)

Hi Nenari:

WHAT A GIFT YOU ARE!!!!!! I want to reiterate how gracious and generous you are with your time and guidance to me. I am really going to take in all that you have given me. When you have time, I would appreciate the sacred space meditation and the forgiveness thingy. It's interesting both you and Lady Hawk say I'm a healer in that in the 8 or 9 years I took care of my mother with Alzheimer's Disease, she also had macular degeneration and was considered legally blind, two hearing aids and still couldn't hear (bless her heart for her strength and courage). During that entire time I always tried to be a channel for healing for her and never really saw any success - so, me, a healer? A minister once told me when I said that that possibly it would have been worse without my healing intentions! I don't know. Anyway, I have a lot to work on and I bless you a thousandfold for being here for me now.
Love & Light, Arleen

*Dear Nenari,*

*Thank you so much for your reading! It has helped me to see why I feel "lost", and to know that I can and will overcome it. I have kept your email near me so that I can read and reread it whenever I need to. Some of the things you said really made me think long and hard about myself and my relationships with others. I have a lot to change and get through, but I can and will do it. I appreciate the time you put into doing this reading and the time you put in to show me the things I couldn't see, and teaching me to overcome them. I thank you from my whole heart!*

*Take care and lots of love to you!

Hi Nenari,

I can't thank you enough for taking your time to give me this reading. From this, I now am clear on what I need to do and I am starting to act on it. For many reasons, I just haven't, I guess, truly believed in myself. Through this reading, I believe I can change my life and get on track to where I am suppose to be. I truly thank you, Nenari. You are a wonderful person.
